## COLLEGE MATTER WILL BE SETTLED

Trustees of Randolph-Macon System Meet in Lynchburg Friday.

### OUTCOME VERY UNCERTAIN

Accurate Forecast of Action That Will Be Taken Is Impossible.

[Special to The Times-Dispatch.]  
LYNCHBURG, Va., October 23.—The eyes of the members of the Methodist churches of the Baltimore and Virginia Conferences will be on the board of trustees of the Randolph-Macon System when it meets here next Tuesday afternoon to discuss the status of the Randolph-Macon System's College. It is almost impossible to forecast what will be the outcome of the meeting.

Reversed Itself Twice.  
This is true because this body, composed of forty-four members last June at its annual meeting did exactly what it refused to do a year before, the last action being exactly the reverse of what it was a year before. In June, 1908, the board declared by resolution that it did not have the right to delegate any of its powers to the Virginia and Baltimore Conferences, but last June by resolution it decided to give these conferences the right to confirm any future nomination to vacancies on the board before election.

This resolution has had the effect to remove the benefits of the Carnegie Foundation, although it was claimed at the time that this would not be the result of the resolution referred to. The executive committee of the Carnegie Foundation, it will be recalled, late in September notified Judge E. D. Newman, of Woodstock, Va., the president of the board, that the action was held to have the effect of making the Woman's College a denominational institution, and the resolution was held as a withdrawal by the college from the benefits of the foundation.

Several weeks ago a meeting of the executive committee of the Woman's College was held at the college, Judge Newman being present at the session. There the whole matter was gone over carefully, and Judge Newman was then asked to call a meeting of the board, which he agreed to do, October 26 being selected as the time.

Last June, when the resolution offered by Bishop Wilson, which provided for confirmation of future members of the board by the conferences in which the vacancies occur, was adopted, a formal protest was made to the legality of the resolution. This paper is generally understood to have been prepared by Judge Newman, who is an able attorney, and five or six members of the board signed the protest. It has been given out for publication as to the nature of this protest, nor can it be ascertained who are its signers.

It is believed, however, that the protest takes the same ground a majority of the board took June, 1908, when it held that it did not have the legal right to divest itself of the duty of electing future members, and that to do so would be a violation of the obligation upon the members of the board.

#### Dr. Smith's Statement.

It is learned that the executive committee of the Woman's College has had Dr. Smith prepare a lengthy statement, in which the history of the entire situation will be gone into from the beginning of the matter down to the present, as well as the effect in the future of the action taken. This report is being printed for the convenience of the trustees. Although the Woman's College had been upon the Carnegie Foundation so short a time, two members of the faculty had been retired with liberal pensions. These are Mrs. Saunders and Dr. Sharp, neither of whom it is thought, will be disturbed should the college not again come under the benefit of that fund. There can be no doubt but the meeting here next week will be for the purpose of having the board rescind its last action, in order that the Woman's College may again give a place on the foundation. There could be no other object of the called meeting.

Dr. Smith, the man who made the Woman's College, who secured a large donation from Andrew Carnegie, and whose influence placed the college on the foundation, will make a statement for publication now. The same is true of the other local members, and Lynchburg is waiting to see what will be the outcome. Dr. Smith does not know how many members of the board will be present, but he does not expect a large attendance if called meetings in the past are to be taken as criterions. The board of trustees is composed of forty-four members, one-half of which are laymen, the members being:

ADAMS & BROAD

## Jurgens' End-of-the-Month Sale!

BRING THIS AD WITH YOU.

We've got an extra big lot of bargains to offer you this week. The bridal season's coming and so is Christmas, and---we must make room.

## Government Will Take up Study of Strange Disease

WASHINGTON, October 23.—An investigation of pellagra, which has developed most rapidly in the South recently, will shortly be made by officers of the Public Health and Marine Hospital Service and of the army.

Captains Joseph F. Slier and Henry J. Nichols, of the medical corps of the army, have already been selected for this work. A meeting of the investigating committee will take place at Columbia, S. C., November 3.

The Secretary of the Treasury, in his last annual report, invited attention to the probable public importance of pellagra, and recommended unremitting study of every phase of the problem of the disease. Surgeon-General Wyman, of the Public Health and Marine Hospital Service, some time ago announced that pellagra had been a menace to the health of Italy for more than a hundred years.

It was first reported in this country from Alabama in 1907, and the health authorities now estimate the number of cases in the United States at over 5,000. The surgeon-general reported that there was a universal and profound conviction that the disease was in some way related to the consumption of starchy corn, and that on account of the great severity and high mortality of pellagra, and because of its expected relationship to corn, it was rapidly becoming a matter of national health and economic importance.

## REFUSED BY GIRL HE TRIES SUICIDE

Jack Beard Shoots Himself on Doorstep of Roller Home in Harrisonburg.

[Special to The Times-Dispatch.]  
HARRISONBURG, Va., October 23.—A sensation was created here last night when Jack Beard attempted to kill himself after being refused admittance to the home of James E. Roller, a wealthy and well-known stock dealer. Two shots were fired, one not taking effect, while the other grazed the top of the left lung and lodged in the left shoulder. A painful flesh wound was the result.

The affair occurred on South Main Street, in the heart of the most fashionable residential part of the town. Beard had become infatuated with Miss Edna Roller, daughter of James E. Roller. After a time she refused to receive his attentions. Last night he called at her home, asked to see her, and was refused admittance. He then took out of his pocket a note which he handed over to Peter Roller, an uncle of the young woman. Hardly had the uncle closed the front door than two shots rang out in quick succession, and the unconscious form of the man fell to the floor of the porch. He was taken to the National Hotel, where his wound was dressed, but was later placed under arrest and taken to the county jail, where he now lies. A brother of the wounded man has been summoned from Front Royal, and it is believed that no attempt will be made to prosecute Beard should he agree to leave town and not return. Beard is about thirty years of age, weighs 150 lbs. and is about twenty-five, while Miss Roller is about twenty-five.

#### HELD FOR GRAND JURY.

Case of Young Danville Men Charged With Assault on Halifax Farmer. [Special to The Times-Dispatch.]  
DANVILLE, Va., October 23.—In the Mayor's Court here this morning, Bud Coleman, Hood Coleman, Joe Hoythe and Jasper Thompson were given a preliminary hearing before the Mayor, charged with having assaulted and robbed Ed Berry, an aged farmer of Halifax county, here last Wednesday afternoon, in a lot adjoining the Exchange Warehouse, on Union Street. Berry, who is in a delicate state of health, claims he said a mule, for which he received \$150, and it seems, these young men knew of this, and attempted to sell him whiskey, according to Berry. When he refused to buy the liquor, he stated the men followed him to the lot, when one of the party struck him with a bottle, knocking him down. Berry identified Bud Coleman as the man who knocked him down. After hearing the evidence, Bud Coleman and Jasper Thompson were held for the action of the grand jury. While the charges against Hood Coleman and Joe Hoythe were dismissed.

#### ACQUIRES NEW LINE.

B. and O. Gets Control of Road from Harper's Ferry to Winchester. [Special to The Times-Dispatch.]  
WINCHESTER, Va., October 23.—Following the annual election of officers of the Winchester and Potomac Railroad, held in this city to-day, announcement was made that the Baltimore and Ohio Railroad Company has secured control of the line, which extends from Harper's Ferry to Winchester, a distance of thirty-two miles, traversing one of the richest sections of Virginia.

Let us send you a Rotary Shuttle Standard Sewing Machine—It's the only one that frail women or little girls can operate.

## That Wonderful Stove--The Jurgens Novelty.

The stove that burns shavings, wood, coal, charcoal or anything else. The stove that'll keep your rooms warm as a toast in the bitterest cold weather, and yet not roast you in the mild early fall and spring. The most economical stove—a stove in three sizes and low in first cost—\$17.50, \$20.00 and \$23.00. The Jurgens Novelty is the stove sensation, and we're selling lots of them for the above reasons, but more particularly because we guarantee it to give satisfaction or we give you your money back.

## Boils, Pimples and Carbuncles

Cannot Exist When Stuart's Calcium Waters are Used.  
The blood is a natural antiseptic and germ-destroyer. That fact has long been recognized by medical men. Under ordinary conditions it contains within itself sufficiently strong germicides all powerful to destroy and eliminate all poisons, disease germs, microbes and bacteria. The blood is alkaline in chemical reaction, and its cells will kill many germs. Then, the blood also forms antitoxins which neutralize the poisons formed by the bacteria. A considerable amount of the said bacteria is carried away by the oxygen in the blood. Next are the alexins, which hinder the growth and development of germs, and, finally, it is one of the functions of the white corpuscles to attack and kill the microbes, which they do by millions, and carry away to the filter and glands. But in spite of all these powerful precautions taken by Nature to keep the blood pure, and to enable it to destroy and eliminate all blood poisons, impurities and germs, and thus protect the system from invasion by disease, it very often happens that the blood becomes so overloaded with various impurities and bacteria that it is utterly impossible for it to destroy and dispose of them without outside assistance. In such an emergency the only thing left to the blood to do, in order to prevent the self-poisoning of the system, is to send out as many of the impurities as possible through the pores of the skin, where they exhibit themselves in the form of boils, pimples, carbuncles, rashes and various other localized inflammations and skin diseases. It is in such cases as this that STUART'S CALCIUM WATERS, the great blood-purifying and germ-destroying remedy, gets in its work. When the blood, overcome by weight of numbers, is struggling to rid itself of poisons, and the skin diseases, having no further poisons to feed upon, dry up and disappear. Purchase a box of Stuart's Calcium Waters from your pharmacist, to-day for 50 cents, and commence taking treatment. Send us your name and address and a free sample package of this wonderful remedy will be sent you free. Address F. A. Stuart Co., 175 Stuart Bldg., Marshall, Mich.

Write for free catalogue. Mail Orders Wanted.

## Two Hundred Lots in Kenbridge

Kenbridge to have a big Town Lot Sale Tuesday, October 28th. The Carolina Development Company will sell two hundred lots at auction on that date. There are all kinds of activity in this new Virginia town, and this sale presents unusual opportunities for business and home sites, as well as a splendid speculative proposition.

For a hurried lunch, we can furnish you with steamed oysters in five minutes, at the Commercial, 912 East Main.

It is generally thought that the authorities will tackle the two fashionable clubs, Colonial and Southern Manufacturers. When this point is reached, if ever, the crusade will become interesting, for some of the wealthiest and most prominent men in the State are members of the Manufacturers' Club. It is the opinion that, when the prohibition wave strikes this vital point, the worm will turn. There is considerable interest in the next move.

### To Mark Historic Spot.

[Special to The Times-Dispatch.]  
WINSTON-SALEM, N. C., October 23.—The citizens of old Richmond township, this county, held a mass-meeting to-night, and secured a promise from the owner, Frank Speas, to donate the site of the old Richmond courthouse, which is to be erected a monument to commemorate this historical spot, which was once the county seat of the county.

### Indictments Found in Charlotte

Court for Illegal Sale of Liquor.  
[Special to The Times-Dispatch.]  
CHARLOTTE, N. C., October 23.—A crusade against the social clubs was inaugurated to-day by the municipal authorities when indictments were found against John Beck, steward of the Business Men's Club; Frank Alexander, steward of the Park Driving Club; and J. N. Hunter, steward of the Tarheel Club, charging them with selling liquor illegally. The cases were called this morning in the Police Court and the preliminary hearings set for next Thursday.

Under ad testificandum proceedings City Solicitor Delany has been proceeding quietly for some days in an effort to secure evidence to convict these social clubs. If convictions are secured in the three cases on hand it

### With a Bottle of the Bitters handy you need not fear an attack of Heartburn, Sick Headache, Indigestion, Dyspepsia, Constipation, Colds and Grippe, because it will keep the digestive organs strong and healthy.

Tag Day in Lynchburg. [Special to The Times-Dispatch.]  
LYNCHBURG, Va., October 23.—Several hundred women and children to-day made Tag Day for the Associated Charities a big success until they were driven to shelter by a thunder storm at 4 o'clock.
